

22 Pirates
Red Blend

22 Pirates

History: 22 Pirates was created to utilize some of the best grapes and wines scattered throughout the best wine growing regions in all of California. California has often been compared to many other wine regions around the world, but many would argue that no other region mirrors California better than the Rhone Valley.

Appellation: California

Varietals: 22 Pirates is a global adventure in a bottle, traveling the Rhone region in France to California's Central Coast. Famous for producing award-winning wines, the Rhone Region celebrates 22 different varieties of grapes. Several pioneers brought Rhone grapes to California, where they flourished. We developed the 22 Pirates Brand to represent one pirate for each of the Rhone varieties. 22 Pirates is an exciting Red Rhone Blend that will stay the course – vintage to vintage. "What's the blend?", you ask. Sorry pirates never tell! Only our swashbuckling winemaker has the creative liberty to craft his treasure.

Notes: Milk chocolate truffle, caramel, baking spice. Flavors of dark plum, blackberry and medium tannins. Pair with mushroom risotto, lamb stew and lentils with sausage.
